Hi there! I'm a UI/UX designer with more than 3 years of experience in designing digital products. I'm passionate about creating user-centered designs that are both visually appealing and easy to use. I have experience working with cross-functional teams including product managers, developers, and other designers. I'm excited to bring my skills and experience to a product company where I can help create innovative and engaging products that users will love.

SKILLS

- Sketching / Wireframing
- Userflow
- Rapid Prototyping
- Visual Design (Figma)
- UX Design
- Agile/Scrum Framework
- React/JS/CSS

WORK EXPERIENCE

[UI UX Designer](#)

2022

NRI Japan

This is an attendance app that helps teachers and students track their attendance, assignments, and grades. I designed the login page, the calendar view, the class list, and the report card for this project.

2022

Aura Network

This is a crypto exchange app that allows users to buy, sell, and trade various cryptocurrencies. I designed the icons, the color scheme, and the typography for this project. I followed the best practices of UI/UX design for crypto apps, such as security, simplicity, and transparency.

- UI Design
- Agile/Scrum Framework
- Rapid Prototyping

- UX Design
- Userflow

OTHER PROJECTS

- Go2Joy.vn, 2020 - 2021
- Dopevn.com, 2018 - 2019

[Product Designer](#)

2023

BFI Finance

This is a vehicle collateral loan platform that helps businesses get quick and easy loans by using their vehicles as collateral. I created the wireframes, mockups, and prototypes for this project. I collaborated with the developers and the product managers to ensure the UI met the functional and security requirements.

2023

Next Gear Capital

Working at Next Gear Capital as a ui ux designer is a rewarding and challenging experience. I get to collaborate with talented developers, product managers, and stakeholders to create user-friendly and innovative solutions for the automotive industry. I enjoy applying my skills and knowledge of user research, wireframing, prototyping, and testing to deliver high-quality products that meet the needs and expectations of our customers.
